

Ocean LTLsm

Trans-Pacific EXPEDITED
LCL/LTL Service

“...up to **40% faster**
than traditional sources.”

Ocean LTLsm

Take Control with Seamless Service

- Expedited LCL/LTL for customers who import from China, Hong Kong, and Taiwan
- ABF Ocean LTLsm offers simple LCL/LTL transportation pricing with a single lump sum rate from Asia to the customer's door based on W/M (weight or measure, or CBM/Ton, whichever is greater)
- A single invoice provides the importer a *true cost* foreign CFS-(Container Freight Station) to-door price including the ocean freight and less-than-truckload rates and arbitraries, bonded warehouse expenses, and US Customs' duties
- End-to-end visibility from the manufacturer's floor to the final destination
- Shipping documents available online, including ABF B/L, packing lists, commercial invoices, and US customs documents
- Trained customer service personnel to assist from origin to destination
- Shipping from manufacturing centers to final destinations up to 40% faster than traditional LCL sources
- Customized reports downloadable to excel spreadsheets

Take Control with Global Connectivity

- ABF is a synchronized local, regional, and transcontinental motor carrier; a non vessel operating common carrier; a global logistics service provider; and an intermodal carrier
- Upon arrival to bonded warehouses and ABF terminals, POs are immediately loaded onto ABF LTL trucks to perform the final door delivery
- Email alerts on booking, ETD, ETA, customs clearing, and domestic transportation
- Complete PO and vendor management
- Assured compliance to purchase order shipping instructions
- EDI data transmission with customer's system capabilities
- Door ETA at the time of booking enables ABF customers to proactively plan the arrival of their purchase orders before the sailing

Experience the speed and simplicity of ABF Ocean LTL—Call toll free:

877-301-2237

The most extensive Trans-Pacific coverage from China, Hong Kong, and Taiwan direct to over 44,400 communities in the U.S., Puerto Rico, the Virgin Islands, and the Dominican Republic

Take Control with Guaranteed Departures

- Consistent transit times through guaranteed weekly departures on a fixed day and schedule
- Multiple, fixed, and weekly sailings
- Late cut-off dates at 10 ports in China and three origins in Taiwan
- LCL cargo gateways include: Long Beach/Los Angeles, Oakland, Seattle, Chicago, New York/New Jersey, and Miami
- Hot stowage of LCL/LTL containers enable fast stripping in US
- US duties prepayment plus customs brokerage
- Long-term planning enhanced by advanced scheduling for consolidation and departures
- In transit, virtual warehousing and dynamic rerouting enable *on the water* inventory allocation
- Order fulfillment directly from the container to the end-user or multiple delivery locations
- One of the fastest freight alternatives in the trans-pacific market after air freight
